Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SIDEWALK WANTED

A Passway Urged From Second Street to Freight Depot

It is a wonder that the astute Councilmen of the First Ward, Messrs. Frost and Dersch, have never brought before Council the need and necessity of a good five-foot sidewalk leading from Second street to the C. and O. Freight Depot. This is an open street and has been used to great advantage and convenience to vehicles for years. Now that a depot is located on the East side of the street it has become a necessity that a walk should be built by the city in order to accommodate the taxpayers and citizens that they might come and go in transacting business with the depot officials without miring in mud over shoe top.

This is a matter that concerns and interests most every business man in the city, for there is not a day but that quite a number of them have occasion to visit the depot and are compelled to wade through mud to reach it.

Now, gentlemen of the Council, and the First Ward members in particular, if you want to do something that will meet with popular approval and at the same time build a monument to your memory that will stand long after you have left this terrestrial vale, do not let this golden opportunity pass you by, but see that this walk is built, and very quick at that.

Mrs. John Ward of the Locust Grove neighborhood in Bracken county, left this week for Mexico in response to a message stating that her husband, who is there for his health, was not expected to live. Their son, Reynolds, was recently killed by a C. and O. train at Augusta. Mrs. Ward was formerly a Miss Sallee.

ENGINEER DISMISSED

William Clements Dropped From the Employ of the C. and O.

An investigation which has been going on for some time by the C. and O. officials about an accident which occurred near Manchester last week, has resulted in the dismissal of Will Clements, one of the oldest and best engineers on the road. He has been in its employ every since the road was built and had what was known as the best run of any of the engineers, receiving a salary of \$177 per month. A misunderstanding of orders is said to be the cause of the dismissal.

Mr. Clements has many friends here who will regret to learn of his deposition.

For a time a year or so since his train seemed to have a run of bad luck, killing the Hall and Willett boys at Lexington street, three young people at Concord, and a couple of track-walkers near New Richmond—all inside of two weeks.

JAMES H. RAINS.

Mr. James H. Rains, one of our oldest and most highly esteemed citizens, died last evening at 6 o'clock at his home in West Third street, after a sickness covering nearly two years.

His father and mother were Harry and Elizabeth Curtis Rains, and he was born in this city March 22d, 1823, in a house within fifty yards of the home in which he died.

He was married twice. His first wife was Miss Susan E. Bullock, to whom he was married in June, 1850; the second was Miss Mary E. Bruer. From these marriages six children were born—Mrs. Q. R. Shipley, Mrs. J. A. Curtis, Mrs. W. M. Orledge, James M., J. C. and Miss Sallie Rains.

He leaves a wife and the six children above mentioned, together with a sister, Mrs. William Roe, and a brother, Mr. John M. Rains, to mourn his loss.

He has spent nearly all his useful life in this city.

He was a member of the First Presbyterian Church, and also of Ringgold Lodge No. 27, I. O. O. F.

His funeral will occur Sunday afternoon at 2 o'clock from the First Presbyterian Church, Rev. John Barbour conducting the services. Interment in Maysville Cemetery.

MISS ANN WURTS.

Her many friends in this city will sincerely regret to learn of the death of Miss Ann Wurts, who passed away yesterday morning at the home of her niece, Mrs. Sturgis Bates, at Riverton, Greenup county.

Miss Wurts was a daughter of George and Mary Wurts, and was a native of Greenup.

Surviving her are three sisters and one brother, Mrs. Sallie Russell of West Virginia, Mrs. Alice Biggs, Mrs. Mary P. Peters and Mr. John Wurts of Greenup.

Miss Wurts was a sister-in-law of Mr. B. A. Wallingford of this city. She had spent a great deal of her time in Maysville, where she was well and favorably known.

The remains were brought here at 8:50 this morning and taken direct to the Maysville Cemetery for interment, services being conducted at the grave by the Rev. Dr. John Barbour of the First Presbyterian Church.

John Duley has sold to Martin Cooney the S. N. Robinson farm in Charleston Bottom at \$65 per acre. Mr. Duley has a farm of 50 acres near this for sale at a very reasonable price.

'TIS AN ILL WIND THAT BLOWS NO ONE GOOD.

Cold winds are severe, but good for the Coal Man.

Hot winds are distressing, but good for the Ice Man.

Fever winds are dangerous, but good for the Doctor Man.

Sleety winds delay freights, but are good for the Purchasing Man.

OUR LOSS IS YOUR GAIN!

An ill wind so delayed matters that a car of Pianos reached Maysville, Ky., Friday, January 1st, instead of December 18th. Many of these Pianos were ordered for Christmas presents, and the disappointment was great! 'Twas an ill wind indeed! But entirely beyond the control of John I. Winter & Co. 'Tis no use to cry over spilt milk, so we cheerfully say, our loss is your gain! We unloaded this car of Pianos and they are now occupying the entire one-half of our first floor! They cannot remain there. We can't and will not give so much valuable space to Pianos. The profit is not great enough. This space is needed for other goods in which there is a decent profit.

HERE IS WHERE THE ILL WIND DOES YOU GOOD.

These Pianos are the justly famous Smith & Nixon line, strictly high-grade instruments. Quality is the only consideration in buying a Piano. A poor instrument is dear at any price and a Smith & Nixon is a bargain, no matter how high the price! For many years conservatories of music and professional performers all over the world have recognized the bell-like tones of Smith & Nixon's Pianos, until the amateur purchaser has learned to demand a Smith & Nixon instrument, regardless of price, and that accounts for our tremendous piano sales in the last two years. For the first time in the history of these veteran pioneers of the piano industry PRICE IS MADE AN OBJECT.

THESE PIANOS MUST GET OUT OF OUR HOUSE QUICKLY.

We must have the space that this car occupies for other goods.

We herewith institute a piano sale that will make history for Maysville! Fifty years from now citizens will refer to the car of pianos that reached John I. Winter & Co. too late for Christmas trade! Our word has gone forth, and you well know that we always make good.

YOUR CREDIT IS GOOD, VERY GOOD!

These Pianos must go. If you haven't the MONEY, PAY US PER MONTH. PRICE IS NOT CONSIDERED. The only consideration is the distressing fact that we must have this room now. If you expect to buy a Piano, now is certainly the time! N. I. WINTER & CO., MAYSVILLE, KY.

Ray's Cough Syrup will cure that cough or money refunded. 25c.

IMPORTANT MEETING

Merchants of Maysville Are Asked to "Get Together" For 1904

With the advent of 1904, the merchants of Maysville must realize, if the year is to be made a great success, it can be made only by the co-operation of every merchant in town.

The time has come when towns are only a success when all the merchants work in harmony, and there is no time better than now to realize this fact.

There is a plan suggested to boom Maysville this spring, and it is of vital necessity that every merchant of Maysville attend the meeting Wednesday night at 7 o'clock at the Board of Trade room.

Pianos to be unfolded at this meeting will be a revelation to the Maysville Public.

Testimonial.

MR. GEORGE H. TRAXEL.
In behalf of my wife and myself I desire to thank you for having invented a device that will prevent range explosions. We believe were it not for your Safety Device that our range would have been blown up and our lives endangered. Shortly after the fire was started in the range steam and water began blowing out of the Safety Appliance, showing that pipes were frozen and water could not circulate in the pipes, consequently steam and pressure were accumulating only to be relieved as fast as it could accumulate by the Safety Appliance. \$1 Gowns 75c.
\$1½ Gowns \$1.

ROPE PORTIERES.

For all large size portieres in handsome color blendings. Such a price might be named on old and discarded designs or for inferior grades, but to get choice quality, generous size and new designs at such little cost is certainly surprising. The assortment is large but so will be the selling for such prices won't come soon again—if we can help it.

CARPET LENGTHS.

If you will need a new carpet in the spring read this carefully. It will pay you to anticipate for a chance like this will not come soon again. We have some Ingrain lengths from 7 to 30 yards—not a rag-end lot by any means. A big cheerful showing of a full dozen patterns in this seasons styles. Choice of any, 50c yd. A saving of 20c yd. on spring prices. These carpets are their own best argument. See them.

Unless such carpet goodness for the price baffles your imagination. Don't trust to metal pictures. Come to see these beauty rugs.

COMFORTABLE NEWS.

Real economy doesn't consist in simply getting an article for little money. We have seen comforts sold for a \$1 that were wretchedly dear because far below the level of real goodness. Not so, these pretty comforts made of plain and figured print with downy cotton filling. The early season price was \$1½.

OPPORTUNE ECONOMY.

In Women's Coats. The decorative treatment is of the handsomest quality and the materials are rich and elegant. The woman who desires a coat for practical service or for dressy occasions need pay little to gratify her wish. Price concessions are most liberal.

SHEETS AND PILLOW CASES.

Women need to buy a bolt of sheeting, tear it up into proper lengths and then spend hours at the sewing machine. That time is past. The introduction of improved machinery enables one to buy ready-made sheets and pillow cases at less than the actual cost of material in former days. The sheets and pillow cases we offer are hand torn, and ironed, and every one evenly hemmed.
